MEZUX
GPR SURVEY

Mezux Touch Pvt Ltd

Network Construction and Maintenance

Pan-India EPC contractor for telecommunications infrastructure — GPR survey, HDD drilling, network construction and government liaisoning. Triple-ISO certified.

One of the pioneers in the GPR survey industry in India since 2003, we are proud to hold triple ISO certification for our commitment to excellence: ISO 9001:2015 for quality, ISO 14001:2015 for environment and ISO 45001:2018 for health and safety."

Message from Director

Prafulla Kumar

With an illustrious career spanning over 23 years in telecommunication liaison and project execution, Mr. Prafulla Kumar is the driving force behind Mezux's success. His leadership epitomizes a unique blend of experience, vision, and dedication.

At Mezux, we value a distinctly family-oriented approach to business, tirelessly working to make things right for our customers. Mr. Prafulla Kumar's leadership sets the tone for our commitment to excellence, innovation, and integrity.

As we reflect on our history, it becomes evident that the essence of this land is ingrained in our blood – a source of great pride that we seamlessly incorporate into our business ethos.

The highly regarded and experienced team at Mezux has honed their capabilities in designing and laying Telecommunications works for projects and programs spanning over 20 years. No project is deemed too complex for Mezux, and our first and most critical priority is safety. We relentlessly pursue the goal of zero workplace accidents or injuries through an active employee
